### SUMMARY

Aspiring Machine Learning Engineer with experience in developing AI-powered applications, predictive models, and data-driven solutions. Skilled in Python, Machine Learning, Data Analysis, and Full-Stack Web Development. Passionate about applying technology to solve real-world problems and continuously learning emerging technologies.

### EDUCATION

|                                                                                                  |                |
|--------------------------------------------------------------------------------------------------|----------------|
| <b>BS(Artificial Intelligence)</b> , <i>NFC Institute of Engineering and Fertilizer Research</i> | 2023 – Present |
| <b>Intermediate (Pre-Engineering)</b> , <i>Punjab College</i>                                    | 2021 – 2023    |
| <b>Marticulation (Science)</b> , <i>La Salle High School &amp; College</i>                       | 2019 – 2021    |

### SKILLS

#### Programming Languages

- Python
- SQL basics
- HTML | CSS

#### Artificial Intelligence & Machine Learning

- Machine Learning
- Natural Language Processing (NLP)
- Computer Vision
- Predictive Analytics

#### Tools & Platforms

- Scikit-learn
- GitHub
- Kaggle
- Google Colab
- Jupyter Notebook
- VS Code

### LANGUAGES

- English
- Urdu

### CERTIFICATES

- Artificial Intelligence & Machine Learning with Python – NAVTTC

### PROJECTS

#### Machine Learning

- **AI-Powered Fraud Detection System:** Developed a machine learning-based fraud detection system to identify suspicious transactions and support risk analysis.
- **Resume ATS Scoring & Screening System:** Built an AI-powered resume screening application that matches resumes with job requirements and generates ATS compatibility scores.
- **London Property Price Prediction Model:** Developed a machine learning model to predict London house prices using regression techniques and feature engineering on google colab.
- **Health & Lifestyle Blogging Platform:** Developed and managed a health and lifestyle blogging website, publishing SEO-friendly content and maintaining web presence.
