

Khuzaima Momin

Machine Learning Engineer | Full Stack Development | Content Writer

mominkhuzaima1@gmail.com | +92 318 0066420 | Faisalabad, Pakistan

SUMMARY

Aspiring Machine Learning Engineer with strong expertise in AI-driven application development, data analysis, and Python programming. Skilled in building intelligent solutions using modern machine learning techniques, with additional experience in full stack web development and technical content writing. Passionate about leveraging emerging technologies to develop scalable, user-focused, and innovative digital solutions.

EDUCATION

BS(Artificial Intelligence) , <i>NFC Institute of Engineering and Fertilizer Research</i>	2023 – Present
Intermediate (Pre-Engineering) , <i>Punjab College</i>	2021 – 2023
Marticulation (Science) , <i>La Salle High School & College</i>	2019 – 2021

SKILLS

Machine Learning

- linear Regression
- Logistic Regression
- Random Forest
- Decision Tree
- SVM | CNN | LSTM

Data Handling & Libraries

- Pandas
- Numpy
- Matplotlib
- Seaborn
- Scikit Learn

Programming Languages

- Python
- HTML | CSS | Javasc
- CSS
- JavaScript
- SQL

Tools & Platforms

- Google Colab | Jupyter Notebook | VS Code
- Kaggle
- GitHub
- Supabase

Artificial Intelligence

- Deep Learning Basics
- Supervised Learning | Unsupervised learn
- Predictive Modeling

LANGUAGES

- English
- Urdu

CERTIFICATES

NAVTTTC-ArtificialIntelligence

Machine Learning and python

COURSES

Python Programming , <i>AI-soft</i>	11/2024 – 03/2025
Machine learning ,Python , Web development , <i>Courses From YouTube</i>	

PROJECTS

Blogging Website, Health Related Articles

Machine Learning

- London Property Prediction
- Apple Disease Detection
- Breast Cancer detection
- Spam Email Detection
- Sentiment Analysis

GYM Management System
